

Make Ordinary Foods EXTRA Ordinary SOURCES

of MARINOL™ OMEGA-3 FATTY ACIDS (EPA/DHA)

Consumers eat for health as well as taste and are increasingly thoughtful about the foods they choose. One of the nutrients consumers know about – and seek out – are omega-3 fatty acids, which are highly beneficial, particularly in promoting cardiovascular health and preventing strokes. Innovative Marinol™ from Lipid Nutrition gives food manufacturers a way to fortify with omega-3 fatty acids and create the healthful, good-tasting foods consumers expect – and look for.

Increase omega-3 content and create a high-profile point of difference in your products. Marinol™ advantages include:

- Flavor-friendly, cleaner taste and aroma for delicately flavored food systems
- Healthy benefits from highly concentrated omega-3 fatty acids
- GRAS approved
- Enables FDA-approved label claim for omega-3 fatty acids
- Two versatile forms – dispersible powder and highly stable oil
